

**Comparing the lengths of time asylum decisions are pending: adults and children**

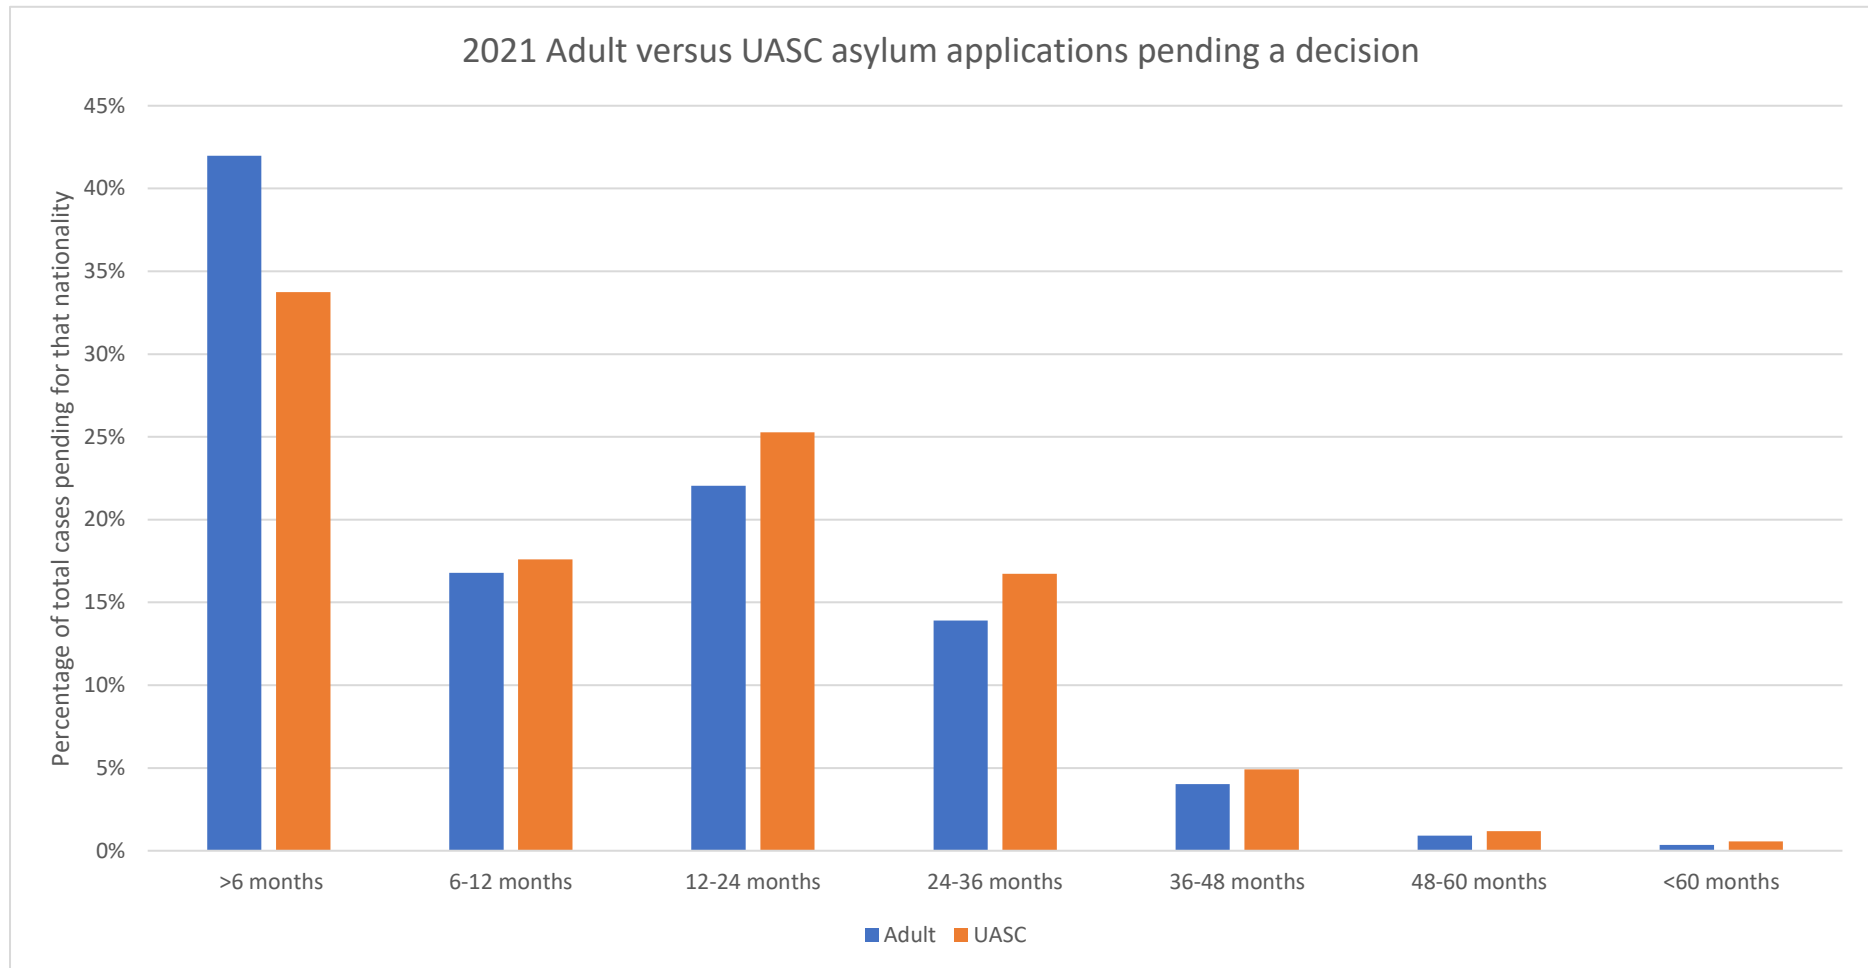

**A graphic comparison of differences in the length of time asylum decision are pending for adult compared with UASC asylum applications, and among asylum applications from the top 7 UASC-producing countries from 2019-2021<sup>i</sup>**

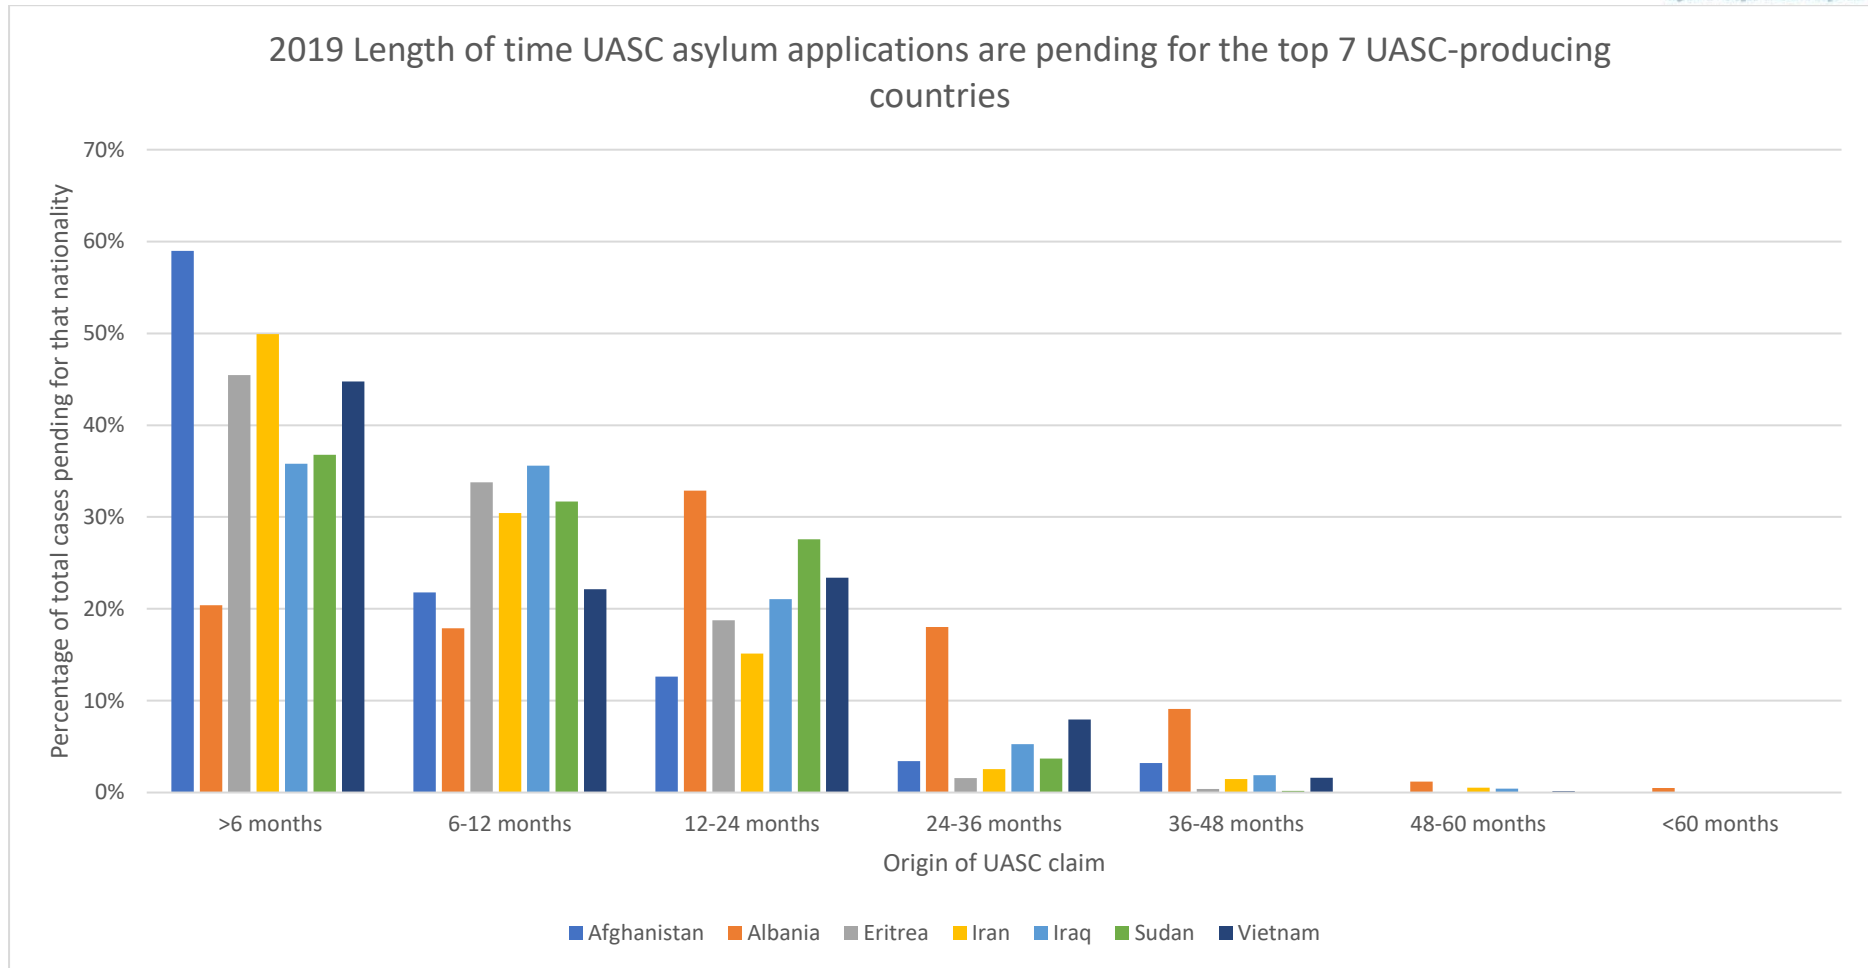

**Table 1**

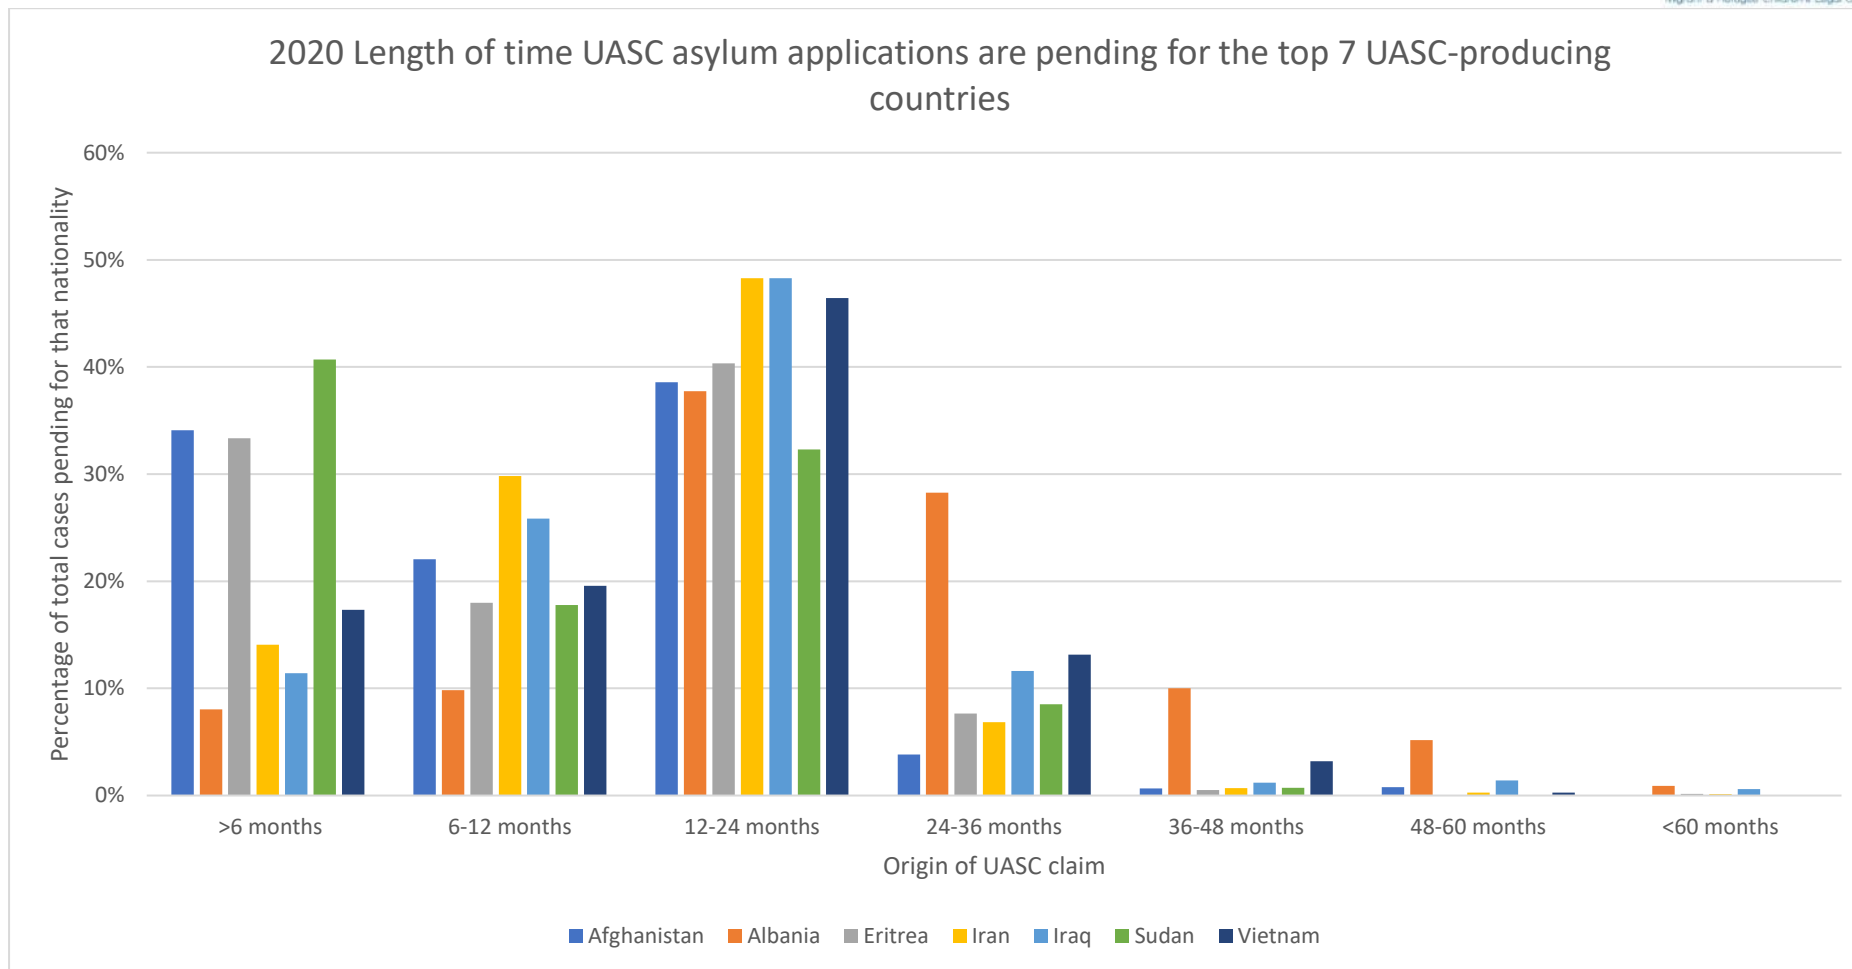

**Table 2**

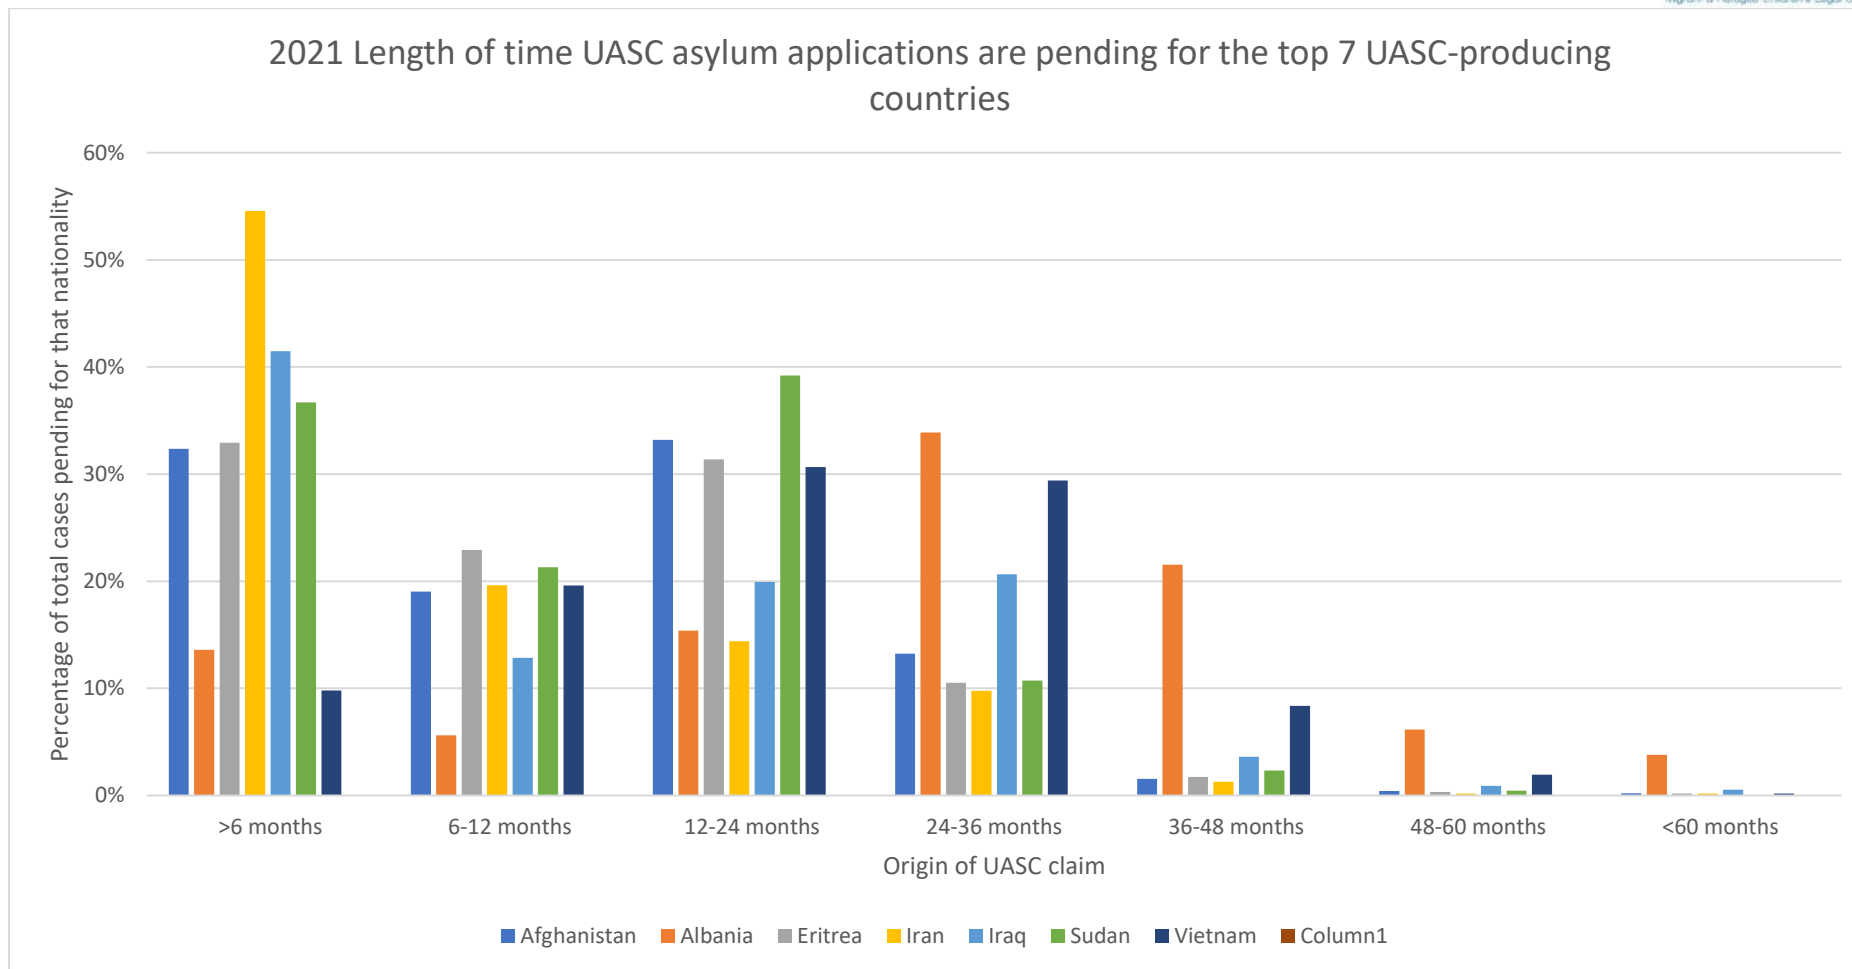

**Table 3**

**Table 4**

**Table 5**

**Table 6**

<sup>i</sup> These graphs are drawn from data received in Response 70870 to a Freedom of Information Request.

The request response can be found here: <https://miclu.org/assets/uploads/2022/11/FOI-Response-70870.pdf>

Data tables are available here: <https://miclu.org/assets/uploads/2022/11/Copy-of-FOI-70870-Annex-1.xlsx> Data is based on the number of asylum applications awaiting an initial outcome from the Home Office at the end of 2019, 2020 and 2021 respectively.
